## EXPOSITION WARSAW OCTOBER 2018

The German Photovoltaic Module Producer SOLUXTEC GMBH is proud to be decorated with the Award of the most innovative Product while participation in Warsaw last week

Soluxtec's East European Commercial responsible Mr. Andrzej Zyber accepted gladly the Award while the Gala evening of the Exposition. While the acceptance speech he emphasized the efforts Soluxtec made lately. Soluxtec feels confident being in position to provide its customers with the overhauled Product type Soluxtec Das Module V2 a PV Module, which is currently up-to-date and full fill more than a regular PV Module is used to do.
